

<b>Ontario 2008</b>					
	<b>Single Individual</b>		<b>Family of 4 and more persons**</b>		
	<b>Before-Tax Income</b>	<b>Incidence of Low Income</b>	<b>Before-Tax Income</b>		<b>Incidence of Low Income***</b>
			<b>Single Equivalency</b>	<b>Family Equivalency</b>	
Median Income near LICO-BT Threshold	\$19,513	31.0%	\$18,525	\$41,739	10.0%
Median Income near LICO-AT Threshold	\$17,601	21.0%	\$15,627	\$34,954	7.0%
LIM-BT Threshold (Canada)	\$19,037		\$19,037		
Median Income near LIM-BT Threshold	\$18,906	28.2%	\$18,883	\$43,021 <sup>t</sup>	11.8%
LIM-AT Threshold (Canada)	\$16,043		\$16,043		
Median Income near LIM-AT Threshold	\$16,417	18.6%	\$16,681	\$37,486 <sup>t</sup>	8.4%
Median income near Ontario minimum MBM*	\$13,607	20.9%	\$14,307	\$31,158	7.3%
Median income near Ontario maximum MBM*	\$16,691	26.8%	\$19,258	\$43,159	12.7%

*Results from SPSD/M, v16.0 for 2008, CPI information from Bank of Canada, Downloaded 21 October 2008: <http://www.bank-banque-canada.ca/en/cpi.html>*

*\* Adjusted for inflation, 8.8% from 2004 to 2008.*

*\*\* All values are in LIM Family equivalency for comparison.*

*\*\*\* Poverty rates are different for families and single persons due to economies of scale inherent within each measure.*

*<sup>t</sup> These items are the median income, scaled-up of those whose before- or after-tax income is close to the applicable family-adjusted measure. Their incidence of low income are based on the proper LIM calculation.*
